Iron Man
"End Of The World"

What are all these problems

That we are faced with now

Too many people

Inheriting this world

Man is looking for the answer

But it's nowhere to be found

The final solution

Lies beneath the ground

Nuclear Weapons

Designed to kill

Where are we going

Where have we been

Evil minds plot destruction

Killing next of kin

The time has come the time is near

How long do we have

The end of the world

The end of the world
