When the thousand years are over  
He will come to life  
Satan is released from his prison  
To destroy this world  
He will deceive all nations  
Of all corners of earth  
Then fire came down from heaven

He is the false one upon us  
He will be destroyed again  
They like to call him the devil  
He will never win - No way -

There was a lake of burning sulphur  
Where the beast had been  
Then another book was opened  
It was the book of life  
The sea gave up the dead that were in it  
Then each person was judged  
Then the lake of fire had erupted

The sun exploded in the sky  
There was fire everywhere  
The earth was shaking violently  
And the cracks soon did appear  
Where the rivers once did flow  
They drained out to the sea  
The time has come, the time is near  
For the harvest of earth  
Harvest of earth
