Walking down the main street  
Looking for some action  
Feeling lonely and beat  
Got no satisfaction  
I hear some heels moving  
In my direction  
The face I see fills me with affection

I have to make my move fast  
For the wolves are stalking out  
Pull her to the clear  
And get the hell out of here

Leaving town, beautiful lady  
One true love,  
Leave this fucking town

She makes my blood boil right to the top  
Her body is so fine, very very hot  
I change my life for her beautiful face  
And in midstream change  
My own fate

We race down the main street  
Try to find  
A place to hide  
We find a deserted corner  
And start making love

Leaving town, beautiful lady  
One true love,  
Leave this fucking town

Now that life has come to change  
I know I didnt make a mistake  
Mother, father believe what I say  
Love is all that took me away

When my fawn looks in my eyes  
I see the future and its very bright  
Hold my hand and you shall see

True love is what we all should seek
