Vision of black clouds
White powder on glass
Two teeth making power
As time disappears

My brother is alone
Women by his side
Sucking life hes known
Nowhere to hide

People dealing all night
Sleeping their lives away
Turning fragments of light
Never knowing what game to play

A tin can is all you need
Some ash to fill that hole
First toke you feel free
First puff aint no joke

Hanging upside down
Dont expect to fall
Powder turns you around
No one hears your call

10 piece seems safe
Hey that felt good
Increase buzz to my pace
Pain thats understood

A tin can is all you need
Some ash to fill that hole
First toke you feel free
First puff aint no joke

Like rats in the dark
Steal another persons soul
No chance make a mark
Never knowing home
Dont sink this low
Its hard to recover

Live life kind of slow, clear minds
Dont need cover
