I won't give up, I still believe in my dreams  
Too weak to say, ?  
Heaven can wait, there's yet a price to pay  
I know hell is here, I see your blood and tears

(Pre-chorus)

When you think you've lost it all, just hold on  
When the sun no longer shines in your life  
Keep the flame and try to climb the highest mountain!

(Chorus)

Feel the fire, feel the fire  
Keep the flame alive don't ever let it die  
Feel the fire, feel the fire  
Keep the flame alive don't ever let it die  
Feel the fire, feel the feel the fire, feel the fire

I face my fate, unholy destiny  
I face my pain, I saw the agony  
Don't lose your mind;  
I promise this someday  
Someone will break, those chains around your neck

(Pre-chorus)

When you think you've lost it all, just hold on  
When the sun no longer shines in your life  
Keep the flame and try to climb the highest mountain!

(Chorus)

Feel the fire, feel the fire  
Keep the flame alive; don't ever let it die  
Feel the fire, feel the fire  
Keep the flame, alive don't ever let it die  
Feel the fire, feel the feel the fire, feel the fire

(Solo)

(Chorus)

Feel the fire, feel the fire  
Keep the flame alive; don't ever let it die  
Feel the fire, feel the fire

Keep the flame, alive don't ever let it die  
Feel the fire, feel the feel the fire, feel the fire
