Vivos voco, mortuos plango  
Fulgura frango, oho-oho-oho  
Vivos voco, mortuos plango  
Fulgura frango, oho-oho-oho

Do you believe in heaven  
Deliverance and forgiveness  
The christening holy water  
(Is) freezing when saviours falter

Forever in the dark, forever in a world as cold as ice  
Forever in the darkness  
Forever in a world of pain and cries  
I'm forever in the dark, ooh yeah (I'm forever in the dark)

Vivos voco, mortuos plango  
Fulgura frango, oho-oho-oho  
Vivos voco, mortuos plango  
Fulgura frango, oho-oho-oho

Ready to meet the maker  
Whenever he's keen to see me  
A prodigal son of Eden  
Returning the king of heathens

Forever in the dark, forever in a world as cold as ice  
Forever in the darkness,  
Forever in a world of pain and cries  
I'm forever in the dark, forever in the dark, ooh yeah,

Forever in the dark  
Ooh yeah yeah  
Forever in the dark, forever in a world as cold as ice  
Forever in the darkness,  
Forever in a world of pain and cries  
I'm forever in the dark, forever in the dark, ooh yeah  
Forever, forever in the dark
