I've been daydreaming too much
Now these days it seems
I can't sleep at night because of
All my naughty dreams
You've been on my mind and
It has overtaken me
I've lifted the weights that
Kept my soul unfree

I think I could love you
Do you think you could love me

You're just what I'm looking for

Come be my fantasy
You're the key to my door
Come be my fantasy

I'm gonna tie you up and
Then I'm gonna beat you
You're gonna love it until
You're black and blue
You know that pleasure
Can always be the greatest pain
Drive you crazy until your
Senses have gone insane
