When the light of day is fading  
And dusk is drawing near  
Seductively - unsearchable  
She appears  
Her deep blue eyes of a cyborg  
Are scanning potential punters

A smile makes them believe  
That they are the hunters

With perfect looks  
She sells her goods  
For money they will get  
Her fantasies  
Her lust and dreams  
She'll bring them down  
Down on their knees

Cybernetic queen of passion  
A guarantee of satisfaction  
And while she burns in fire  
Melting down in sweet desire  
Her heart is cold  
Cold as ice

So many men did fall  
So little she cares  
And even though  
They've been burnt before  
They're coming back for more  
With perfect skill  
She lulls their will  
And then she gives them  
All their fantasies  
Their lust and dreams  
She brings them down  
Down on their knees

Cybernetic queen of passion  
Is guaranteeing satisfaction  
And while you burn in fire

Melting down in sweet desire  
Your heart is cold

Solo

Cybernetic queen of passion  
Is guaranteeing satisfaction  
And while you burn in fire  
Melting down in sweet desire  
Your heart is cold  
Cold as ice
