Beyond the borders of Koth and Shem  
Searching the splendor of the dreaming west  
Crossing Corinthia, Ophir lies ahead  
The road of kings is ours again

In the night  
Barbarians ride  
Throughout Hyborian world

Zingara and Argos our final halt  
Adventurous life on the main trade route  
Triumvirate, brothers of the blade  
It is our fate to battle and raid

In the night  
Barbarians ride  
Throughout Hyborian world

One day Aquilonia shall be overthrown  
Conquerors crowned grasping the throne  
To Zamboula's tavern we return tonight  
A rest fit for kings with wenches and wine

In the night  
Barbarians ride  
Throughout Hyborian world
