(feat. Lamar)

If you're love was a bullet, I will put it in a gun
If you're love was a bullet, I will put it in a gun
If you're love was a bullet, I will put it in a gun

If you're love was a bullet, I will put it in a gun
Bullet, bullet, bullet, bullet in a gun
We just may last forever
If you're love was a bullet (was a)
We just may be
My heart it's beating for you, I need you right now
You need to live together I don't wanna fight now
Cause I need you girl, here in this life style
Baby not tomorrow, I need you right now
Don't wanna be home alone, let me call you a cab
In this relations ship 'cause you are get me flow
You're the only one to say I know this love
Baby come, come, come and feel me on
'cause if your love was a bullet, I put it in a gun, on
my heart and shot me with your love

'cause if your love was a bullet, I put it in a gun, on
my heart and shot me with your love

Take it all life don't mean a thing with out you anyway
You're all that I want more then amazing
Finely I'm ready for love
So take it all, I'm glad you let my life down for you
'cause if your love was a bullet, I put it in a gun, on
my heart and shot me with your love

You know, I just try to let her know who mush she
means to me
I hope that you realize this
Look, feel me down for a minute
Now, I'm coming back around and I hope that you'll
forget it
I'm alive now, ...
I'm looking to your eyes, I realize you're my favorite
Love in a contract, so baby give me credit

With out you this is hell, and with you this is Heaven
This is a blessing, ha-have you hear?
So let's never .., you know that ...
'cause if your love was a bullet, I put it in a gun, on
my heart and shot me with your love

'cause if your love was a bullet, I put it in a gun, on
my heart and shot me with your love

Take it all life don't mean a thing with out you anyway
You're all that I want more then amazing
Finely I'm ready for love
So take it all, I'm glad you let my life down for you
'cause if your love was a bullet, I put it in a gun, ..on my
heart and shot me with your love
'cause if your love was a bullet, I put it in a gun, ..on my
heart and shot me with your love
Love, if your love was a bullet, I put it in a gun, if your
love was a bullet, I put it in a gun, gun, if your love was
a bullet, if your love was a bullet, I put it in a gun, ..on
my heart and shot me with your love, if your love was a
bullet
