Ugh you know
I know some of you lot can relate to me on this
Hear me out man
Hear me out

If you cry for me get over your tears
I ain't looked in your eyes for years
It feels over weird
I'm over here
Alone with fear
I look at your picture and hold it near
I squeeze so tight and it slowly tares
I'm alone here
So understand I'm just a man
With one more task to hold your hand
You broke my heart I wonder why
I wonder now were you worth my life
Worth the lights or worth the time
I don't need you now I need piece of mind
It took years to gain my trust
And just as I gave my love

That's when you killed me
I forgot to lie down
I'm not great for leaving
That's when you killed me
I forgot to lie down
I'm just void of feeling
That's how you killed me

Look if you're on my mind
My head don't hurt
I didn't wanna write this second verse
Then an angel brought me back to earth
I'm back to work
Baring in mind my heart is burnt
But I cried don't let me go back to her
I'm all alone without my heart
That's cracked a nerve
What I had with her should've not occurred
Look I know pain is love

So therefore I wanna remain untouched
Love can hit you all at once
So I'll play safe; stay unrushed
Yes I'ma stay on top
Through the pain you shot my love

That's when you killed me
I just forgot to lie down
I'm not great for leaving
That's when you killed me
I forgot to lie down
I'm just void of feeling
That's when you killed me
I just forgot to lie down
I'm not great for leaving
That's when you killed me
I forgot to lie down
I'm not great for leaving
I'm just void of feeling
I forgot to lie down
I'm just void of feeling

I'm so confused
What is this
What happened to the pinky promises
You'll never leave me I remember
September we spent every day together
November we argued through the;
And never spoke til December
I'll put my hand up surrender
I don't need it i'll leave it
This drama you keep it
You flirt with it you tease it
I don't wanna be the one that feeds it
Live hungry don't touch me
You are a love cheater don't love me

That's when you killed me
I just forgot to lie down
I'm not great for leaving
That's when you killed me
I forgot to lie down
I'm just void of feeling
That's when you killed me
I forgot to lie down
I'm not great for leaving
That's when you killed me
I forgot to lie down
I'm just void of feeling
I'm not great for leaving
I'm just void of feeling

That's when you killed me
I just forgot to lie down
