[Intro - Ironik]

Hello mum, I know we have our ups and downs,  
but I just want to thank you for everything,  
Without you I'd be nothing.

[Verse 1 - Ironik]

Listen mum, I know we've had our arguments, but I'm  
sorry,  
I'll always be there for you, you don't have to worry.  
It's hard to say sorry, but I'm feeling like a man,  
I'm feeling so down, but sure you understand,  
Without you I don't think I could even, breathe,  
Belive I've cried sometimes, it's gone so deep.  
And sometimes I wonder, why I can't even sleep,  
I want to thank you for everything in life, I love you  
mum.

[Chorus - Young Nate]

Some people work things out, and some just don't  
know how to change,  
List the way to the water is right,  
You might watch your whole life pass us by,  
Makes the way to the water as dry,  
It'll make the biggest mistake of our life don't do it  
baby.

[Verse 2 - Ironik]

Because, I'm feeling really happy while I'm writing this  
song and,  
I hope you really like it because I'm feeling it's the one.  
I know we disagree sometimes but your right,  
I guess it's really true, that mum's are always right.  
Because the sky is looking blue, and I'm talking over  
the truth,  
I wish I could sometimes just understand you.  
And I just want to say thank you mum,  
I'm proud to be here, and proud to be your son.

Yes, I love you.

[Chorus - Young Nate]

Some people work things out, and some just don't

know how to change,  
List the way to the water is right,  
You might watch your whole life pass us by,  
Makes the way to the water as dry,  
It'll make the biggest mistake of our life don't do it  
baby.

[Talk Over - Ironik]

You know I love ya,  
Mom I just love ya,  
Nate, I know you love your mum too.  
Anyone who shares the same feelings right now just  
play this to your mum.  
She'll love you too.

[Chorus - Young Nate]

List the way to the water is right,  
You might watch your whole life pass us by,  
Makes the way to the water as dry,  
It'll make the biggest mistake of our life don't do it  
baby.

[Outro - Ironik]

And I hope your listening to all the words,  
Again and again,  
Without you i'm nothing.  
And I hope you listen to the words again and again.  
Mum I love you.
