Digga:

On account of you I'm guilty
I'm not even surprised that you want to leave
You're telling me your heart feels empty
I can't commit to you right now
But

Ironik:

One day you're gonna be mine
Take the right step when I'm up you're down
If it's right that I went and left you alone
Baby does care for me Nina Simone
Yes good reception without needing a phone
Somethings wrong
Cupid's arrow don't work it's like he's in need of a
chrome
To shoot me and make me bleed love
Paint pictures to make me see love
Throught the picture a frame and let me dream love
Actually let me dream you
My heart's broken sorta like T2
But if I'm in a G5 I'll breeze through
I can't help but let emotions seep through
Can't see me why not am I invisible
I'm a criminal if love's a crime

Digga:

I know it may seem
I'm not the man you need
Promise me one thing
Save a little love for me (x2)
(Yeah)
(Yeeeeeah)
(Mmmmmmm)

Ironik:

I don't like to spend but your love I'll buy
Save your tears ain't worth the cry
It's too expensive ain't worth the time
See honey you came from a bee
If you come to my hive i'mma make you sweet
Even a little love i'mma make you keep

All up in your knees i'mma make you weak
Like SWV sing a long with me

Digga:

In time one day you're gonna be
be, mine, and I don't wanna see you cry no no
Baby I've waited my whole life yeah
So please understand me yeah

I know it may seem
I'm not the man you need
Promise me one thing
Save a little love for me (x2)

I hope it's not to much for me to ask
But everyday I pray I our love will last
I guess that only time can tell us that
So I'll just wait and see if you save your love for me

Ironik:
Save a little love for me
For Me
For me
