Brother and sister , Together will make it through  
Some day a spirit will , Take you and guide you there , I  
know you've been hurtin' , But I've been waitin' to , Be  
there for you  
And I'll be there just helpin' , You out whenever I can  
Everybody's Free , Listen, this one's for all  
The ones showin' love, It's appreciated, life's crazy  
man, Listen to the lyrics  
Stay with me don't fall asleep , Too soon, the angels  
can wait  
For a moment , They can wait for a moment  
Stay with me don't fall asleep , Too soon, the angels  
can wait  
For a moment. Listen, listen to the words  
Don't cry for me when I'm gone , No point of wasted  
tears, our  
Time will come one day and I'm , Just confronting my  
fears  
Though it's not really a fear , It's more like a destiny  
Sometimes I sit and wonder is this , Life really for me?  
'Coz  
I've seen, seen , heard, felt , I'm done. I hope ur proud  
of  
Where I've come , you've seen me , Grow and helped  
me through,  
And there is no repayin' you , I'm here and I feel like I'm  
Delayin' you, betrayin' you , And when I'm gone I hope  
there's  
Someone savin' you.  
Stay with I'm gonna stay, listen , Me don't fall asleep  
too soon  
I'm gonna try not to the angels , Can wait for a moment  
They can wait man, I swear  
Stay with me don't fall asleep , Too soon the angels I'm  
gonna hold on  
Can wait for a moment. I wanna see your face  
Every time I come home 'coz  
I can't leave u like this , In this cold world alone,  
But, in this life we live in , Who knows when I'll be gone,  
I don't wanna leave you ,With 'what if's?, now I'm in for  
Long To the world , There's too much to prove,  
And Sometimes I wonder what I Really have to lose,

and then  
I really see it's not all , About me, I wanna shield you  
from  
This harsh, mad reality, it's real.  
Like, life's risky sometimes, But really, u gotta take  
your chances  
Stay with me, don't fall asleep , Too soon the angels  
can wait  
For a momentIt's crazy look , Stay with me don't fall  
asleep  
Too soon, the angels can wait For a moment.  
Listen to the words  
To the world, Life's a game and we need to  
Play it correct, do the , Right moves and don't get  
caught  
Up in loadsa mess, Be calm, don't be stressed,  
Be sure to pass the test, Stand your ground an don't let  
Others put you to the test  
To the world, Life's a game and we need to  
Play it correct, do the , Right moves and don't get  
caught  
Up in load mess, Be calm, don't be stressed,  
Be sure to pass the test, Stand your ground an don't let  
Others put you to the test  
Stay with me, don't fall asleep  
Too soon the angels can wait
