Bathe me in memories  
Of you To truly feel what is so real  
I will give to you everything  
Just to continue being you

I feel my life's been so enlightened  
Your life is so bright, this moment is just right

I feel your bare breasts against me pressed  
This floor of tile becomes an emerald Nile  
My seed is planted, your belly enchanted  
Tender emotion sweeps me away

I feel my life's been so enlightened  
Your life is so bright this moment is just right  
Everything you want I will give that to you  
I remember the silence never let you go again

Beneath the clouds, Wrapped in shrouds  
Memories we hold, Are wrapped in gold

I feel my life's been so enlightened  
Your life is so bright this moment is just right  
Everything you want I will give that to you  
I remember the silence never let you go again
