I am walking down the line so far from reality
Eternal pain I don't fear this is who I am
For all eternity I'm locked inside this misery
Eternal pain I don't fear this is who I am

Why can't you see it now
Why can't you believe it
Time to leave this pain from deep inside

I've seen insanity a dark dream far from reality
I hold my ground, can't you see this is who I am
I see myself in line closer to my dignity
It's time to break free is this real
No one is there to see

Why can't you see it now
Why can't you believe it
Time to leave this pain from deep inside

Why can't you see it now
Why can't you believe it
Time to leave this pain from deep inside
