There's a reason you won the race
There's a reason that you stabbed my face
There's a reason you twisted my life
There's a reason that you can't pretend you like

So irrational you hurt like a knife
A little bit deeper than you used to be
You used to be x 2

There's a reason that you pretend
There's a reason that you're not my friend
There's a reason you can't conceive
There's a reason that you are nieve

So irrational you hurt like a knife
A little bit deeper than you used to be
You used to be x 2
