You're the one that showed me  
You're the one that showed me the door  
Paint a picture like greenery  
Paint a picture that is plain to see  
I want to walk outside my mind  
You're the one that holds the key  
I want to walk outside my mind  
If you're the one with me

Close your eyes  
Open wide  
Let me in  
We can transcend

In the state between dreaming and awake  
Absolutely nothing is fake  
You realize there is nothing at stake  
Meet me here tonight x 4

Close your eyes  
Open wide  
Let me in  
We can transcend

When your standing in dark room,  
You can open your eyes and see nothing.  
Welcome to a bright room, those same eyes can see x  
3

Close your eyes  
Open wide  
Let me in  
We can transcend
