What's going with the world what is going on  
Deserted by gods can I hold on  
The anger inside defeating my life  
Driven by hunger my heart is turning  
This madness I see I can not believe  
My mind is so blank the truth is a lie  
I don't understand I'm wondering why  
How could this happen  
Our world is so full of hate

Sail away with your heart and mind  
Be true to yourself don't live a lie  
With honor and pride you're standing so high  
The future will open your eyes in time

What's left to fear my heart is of steel  
Stronger and stronger I will not go under  
The anger inside it keeps me alive  
Driven by hunger the end is coming near

Sail away with your heart and mind  
Be true to yourself don't live a lie  
With honor and pride you're standing so high  
The future will open your eyes in time

So now it's time to find a way  
To turn this round and kill all lies  
Stay alive for all mankind  
Walk away from eternity  
Behind those wall of reality  
Find a reason why everything went wrong

Sail away with your heart and mind  
Be true to yourself don't live a lie  
With honor and pride you're standing so high  
The future will open your eyes in time

Sail away with your heart and mind  
Be true to yourself don't live a lie  
With honor and pride you're standing so high  
The future will open your eyes in time
