Revolt, Revolt, Revolt, Revolt x4

I will make you someone useful, slowly rebuild, once
your made fearful.

Without a cause your all used up, laid out, forgotten
I will break you and rebuild you. Break you and rebuild
you.

You must reach inside, Readjust, lose control, in us you
trust

Don't be afraid, you will be saved, We will lead you I
promise...

Bow down in front of us, Pledge loyalty REVOLT

Bow down in front of us, New athority REVOLT

Find your weakness, Slowly exploit you.

Dont argue or question what we take from you.

No one else will accept who you are. You have been
labeled.

I will break you and rebuild you. Break you and rebuild
you.

You must reach inside, Readjust, lose control, in us you
trust

Dont be afraid, you will be saved. We will lead you I
promise...

REVOLT REVOLT X4

I will lead you, I will free you, I will save you from

Your just a Job, just a Number, Just a Faith, just a
Statistic,

just a Profit, just Victim waiting to be saved...

Your just a copy of a copy of a copy of a copy of a copy
of a copy of a copy of a copy of a copy of a copy

Bow down in front of us, Pledge loyalty REVOLT

Bow down in front of us, New athority REVOLT

You must reach inside, Readjust, lose control, in us you
trust

Dont be a afraid, you will be saved. We will lead you I
promise...
