There's a reason you won the race  
There's a reason that you stabbed my face  
There's a reason you twisted my life  
There's a reason that you can't pretend you like

So irrational you hurt like a knife  
a little bit deeper than you used to be  
You used to be x 2

There's a reason that you pretend  
There's a reason that you're not my friend  
There's a reason you can't conceive  
There's a reason that you are nieve

So irrational you hurt like a knife  
a little bit deeper than you used to be  
You used to be x 2  
(insert Irrational Statements of Nonsense here)
