[Chorus: Ja Rule] + (Ashanti)

(I wanna be your chick)

(I wanna be down for you)

Do you trust me? (Yea) Love me? (Yea)

U puttin' it on me? You must be

(Your down ass chick)

(I wanna be your chick)

And only for the Rule Baby (I'll ride for you)

Yea (Die for you)

Yea (Do anything you want me to)

(I'll be your down ass chick)

[Ja Rule]

Yo, this is no intention

To being offensive to women

By calling y'all bitches

My down ass bitches

Still, my queen bitches

Cuts look clean on the finger

Next to that finger you flipped at me

And there's no in between me and you

Only me and you

Who else gon put it on ya like the Rule
And God only looks after children and fools
And you're not so who gon' look after you?

Rule baby

[Vita]

True baby, it's only for you baby
Vita's thighs only divide if you inside
Cuz I love the way you touch me
Nobody can get it

And if it's comin or gunnin

Just considered it's spitted

So when you gone for a minute

I just fantasize

Like if it's you that's all in it

Then I'm satisfied til you come back to me

Holdin' stacks and jewels

V-I-T-A and my nigga J-A Rule Baby

[Chorus]

[Ashanti]

I'm gonna be here when you need me

Rule baby, can always count on me

And you don't ever have to worry

You know I'll make it in a hurry

Here for you and I will never leave

Shed tears fou you, cuz boy, you got to me

There will never be another for me

You'll always be my one and only

[Ja Rule] Baby girl, would you bust your gun wit me?

[Ashanti] Yea, yea

[Ja Rule] Lie to the Feds if they come get me?

[Ashanti] Yea, yea

[Ja Rule] If I die, would you kill for me?

[Ashanti] Yea, yea

[Ja Rule] Are you trustin me?

[Ashanti] Yea, Yea

[Ja Rule] Are you lovin me?

[Ashanti] Yea, yea, yea

[Ja Rule]

Yea, let's get it gwenin' like we Ashford and Simpson

Or Ike and Anna Mae on one of they good days

You smile like smile rays 5'5 with brown eyes and thick legs

Only for the Rule baby

[Chorus]

[Charli Baltimore]

Now baby, I told you I can show you

Better than I can tell you

Blow trial, bring commissaries and mail

You them sweet words and naked force

I'm still that pretty down down ass 2 cars behind your 6

And not just any clown ass

Glockin my round ass only a down ass

And it's all for you

I grown a tad bit

Since we been at it like rabbits

The booty lil plumper and it's...

[Ja Rule] All for Rule

[Charli Baltimore]

Shit, who gon love you like that?

Thug with you with it stacked to the ceiling

Or splittin a dub with you

Cuz I play my position with cold D's and O.G.'s

Until that blood shed, blood red, or we OD'd

Remember every word that you told me?

[Ja Rule]

Show me, hold me

[Charli Baltimore]

All you need in your life is Chuck, drugs, and dubs

And 22's now tell me who the honey for you?

Chuck
