"Do Your Thing"

If the music make you move, cause you can really
groove
Then groove on, groove on
If you feel like you wanna make love under the stars
above
Love on, love on
If there's something you wanna say, and talkin is the
only way
Rap on, oh, rap on
Cause whatever you do, oh, youve got to do your thing

If you feel like you wanna scream cause that's your way
of lettin off
Steam Scream on, scream on If you feel like you wanna
sing cause singing
Is your thing Sing on, sing on If you wanna make love
all night and you
Feel it's right Right on, right on Cause whatever you do,
oh, youve got
To do your thing Do your thing...
