Baby Iâ€™m tired of thinking I was wrong  
Iâ€™m lost with no sign  
A game with no end

Iâ€™ve been there searching gold but suddenly  
You played with my mind  
Got words from behind

A promise is right babe  
I can believe in some  
No win by default in your life  
Iâ€™m lost when youâ€™re mindless

How can I fall down

Baby when your love is too far  
There's no strength in my heart  
No will leads to distance  
Can you feel it now  
Your love is too far  
I swear but again  
The silence between us  
I can feel it now - ooh yeah

Baby desire still relies on you  
Take a look at me now  
As it still lingers on

You let my feelings grow  
But honestly  
Iâ€™m through with your game  
You canâ€™t always be right

A promise is sacred  
I can believe in some  
With you it's a million to one  
I'm lost â€™cause youâ€™re mindless  
But how can I fall down

Baby when your

Maybe in another life babe - I just want it good and real  
So you can beg, steal or lie babe - but you don't know  
when
