A bunny for my honey  
A dolly with a curl  
An aeroplane  
An electric train  
And a teddy bear for my girl  
A kitty for my pretty  
A castle for my love  
Gee!  
What do I see?  
Brother, if that's a drum  
That's for me

I'm drum crazy, yes  
I'm drum crazy, yes  
I'm plumb crazy for drums

I've got drumsticks full of hot licks and a roll  
Loaded with soul  
Under control

First, soft violins  
Then, sweet saxophones  
Then, blue clarinets croon

When it's my turn I turn into a loon  
When the drum takes the melody  
When the drum carries the tune
