Great big houses with great big rooms  
Were not fashioned for brides and grooms  
A little place is where we should be  
Great big troubles and great big cares  
Come from houses with marble stairs  
A little place for you and for me

Just a little room or two can more than do a little man  
and wife  
That's if they're contented with the little things in life

Living on a larger scale would soon entail a lot of care  
and strife  
We could be so happy with the little things in life

A little rain, a little sun, a little work, a little fun  
A little time for loving when the day is done

And a little thing that cries for lullabies could make a  
man and wife  
Tell the world how much they love the little things in life
