I met you and ever since
You've been on my mind
I'm getting nowhere and it's not my fault
You seem to take me with a grain of salt
You're not easy to convince
You're the doubting kind
Why don't you believe
Nothing's up my sleeve?

Oo, I'm head and heels in love with you, so help me!
Oo, I'm gonna stick to you like glue, so help me!

Though you never told me where I stand
You're a part of ev'rything I've planned
And

Oo, I'm gonna make your dreams come true, so help me!
Oo, I'm gonna make you love me, too

But darling, maybe I've bitten off much more than I can
chew
And I may need a lot of help
So help me
