"With You"

I could find the road to happiness with you close to me,
dear
I could turn a failure to success if you always were near
I could make my dreams come true, but it will depend
on you

With you, a sunny day, without you, clouds in the sky
With you, my luck will stay, without you, fortune will fly

With you, I'll never stop until I reach the top
Without you, I will never get by

With you, a happy song, without you, castles that fall
With you, I can't go wrong, without you, chances are
small

With you, my banner's unfurled right there on top of
the world
Without you, I'm just nothing at all
