You think I love you  
For just one thing  
To you my love this may be  
The way that it seems

But I love the way, that you carry yourself  
I really love you, I love you, love you, love you, love you  
I love you, baby, love you  
The way you wear your hair

Ain't that loving you, ain't that loving you  
For more reasons than one  
You're the one, only one  
You're the one, listen girl

Somehow, my love  
You've been misled  
By the things that others  
Other guys have said, don't you believe 'em

Well, I love you, yes, I do, for what you are  
Yeah, I even love you, I love you, love you, I love you  
Love you, I love you, baby, love you  
For what you may become

Ain't that loving you everyday, every way  
Ain't that loving you, ohh, yeah, for more reasons than  
one  
You're the one, you're the one, only one, only one  
You're the one, I betcha never thought about it

Did it ever occur to you, why I do all that I can do?  
To keep that smile upon your face that's why I love you  
In so many ways, that's why I love you  
In so many ways, ooh, la, baby

Somehow, my love  
You've been misled  
By the things that others  
Other guys have said, slammed the door in your face

But I love you, everyday for what you are

Girl I even love you, I love you, love you, ooh  
For what you may become

Ain't that loving you, whole lot of love, everyday  
Ain't that loving you, in every way, ohh, yeah  
For more reasons than one, you're the one  
You're the one, only one, you're the one, listen girl

I love the way you wear your hair  
I love the way that you carry yourself  
I love the way that you squeeze me tight, yeah  
I just love the way you make everything all right

I love the way you kiss my lips, girl  
Baby, baby, love it when you're swinging your hips  
Ain't that loving you for more reasons than one

Girl, I love the way you hold my hand  
And there's no doubt I'm the only man, yeah  
That could satisfy you, that could satisfy  
I love to satisfy you, I love you, baby

Ohh, baby, ohh, baby, I love you baby  
For more reasons than one  
You're the one, you're the one
