Don't look so sad, I know it's over, yeah
But life goes on
This old world will keep on turning
Let's be glad that we had some good times together
And there's no need
To watch the bridges that we're burning

Lay your head upon my pillow
Hold your warm and tender body close to mine
Hear the whisper of the raindrops
Blowing soft against the window
And make believe you love me
One more time for the good times

Now I'll get along, yeah and you'll find another
And I'll be here, I'll be right here
If you should ever find, you need me
Don't say a word about tomorrow or forever
'Cause there'll be time enough
For all this sadness when you leave me

So lay your head upon my pillow
I'll hold your warm and tender body close to mine
Hear the whisper of the raindrops
Blowing soft against the window
And make believe you love me
One more time for the good times

Make believe you love me
For the times we used to have
Make believe I'm yours, you're mine
For the good times

No time now for sadness
The sadness to come when you leave me
