Alone again, at last again  
Please let love have its way  
Don't let the waiting, anticipating  
Be all in vain  
Be good to me 'cause I'm gonna be  
As good as I can be to you

Baby, oh baby, I need you  
I swear I do  
No other women can love me  
Oh, like you do

You're the best thing  
That ever happened to this man  
And I'm gonna keep on loving you  
Just as long as I can  
I love you, I love you

One night alone is too long alone  
When one's been loved by you  
It's so good to touch  
When I've missed so much  
This thrills been long overdue

The love you give is the reason I live  
You're food to this hungry, so are mine  
If satisfaction was money  
I'd be the worlds richest man  
'Cause you give me such good lovin'  
Just as much as I can stand

When we're together  
If it's a hundred years from today  
Through sunshine and stormy weather  
You'll still hear me say  
I love you, I love you

You're in my arms again  
Where you should have been  
You're in my arms again  
Where you should have been
