Welcome to realm  
Of our so strange love  
Welcome to the empire  
With no rules and gods  
We are the prisoners  
We are the slaves  
Sinking in moral putrefaction  
We've had to veil our faces  
Curbed, we are curbed  
Curb in our teeth  
Wild reflections of eyes  
We refuse all sexual laws  
Piss in your fucking glance  
We adore this golden shower  
As it sprinkles over your face  
Make love with each other  
Please penetrate my ass  
Party of sodomy  
Be members of us  
Curbed, we are curbed  
Curb in our teeth  
Wild reflections of eyes  
You've to be naughty  
Uninhibited  
Lead blow job infantry  
Or you should be into curb  
You've to be submissive  
As we are in fact  
No limits are among us  
Love is to be spoilt...  
Curbed, we are curbed  
Curb in our teeth  
Wild reflections of eyes
