Panzerfaust!

Please let me make love with you

My trigger is so sweet and cool

Piece of steel in your lower mouth

Should be for you a horny blast of fucking grind

In capture of your perverse pussy lips

Please let me rupture worn smelly knick's

And then I've severe damage to fucking do

It's my way of orgasm and what about you?

Slipping through your cunt

I am prick-elephant

Sex you've really trust

I am your vagina panzerfaust!
