I see no picture of you, no  
We never ended this right, so  
Now IÃfÂ,'m back and on time  
Strong enough to keep you in mind

How could I miss such beautiful lips  
When I canÃfÂ,'t deny just a look in your eyes  
Takes me higher than high  
I just realize

Time is passing by  
I tremble as I try  
To tell you why  
IÃfÂ,'m so confused  
And it has to turn out right

Just one minute of your time give me  
Just one hour I can never let you be  
Must go on like a heart with a beat  
If you believe in me  
I always wanna be

Imagine roses frozen but alive  
So sad I wonder could you be mine  
IÃfÂ,'m drawing xx.ÃfÂ,'s ÃfÂ,'cause I canÃfÂ,'t write  
It feels like snow in July

When I can't reply to a question it's you  
IÃfÂ,'m awake all night, canÃfÂ,'t sleep ÃfÂ,'cause  
itÃfÂ,'s you  
There's nothing left for me to hide  
You beat up my world inside
