"Standing On The Edge"

Visit "[Standing On The Edge](#)" on MotoLyrics.com

Life is more than
just a feeling
and love is more
than you and me

No matter what
this world can't stop me
no matter how
it's gonna be

No matter what
i don't regret it
a jump can take
me really high

i must be doing this to find it,
when i land i realize

And I just need to know
you will be there
and catch me if I fall
'cause I'm going high high high

I'm standing on the edge
I never been so high
break jump and fly
I wanna touch the sky

I'm standing on the edge
I really wanna try
break jump and fly
i wanna touch the sky

No matter what
this world can't hold me
no matter how
I'm gonna try

I must be human for a reason
no matter what
this world is me
