

## C21 "Stay"

You know I'm gonna make a try  
I never wanna let it die  
But this ain't right  
Don't justify

You say you're everything I need  
But sometimes we just disagree  
And this is my way to proceed

Silence cannot breathe on your side  
But emptiness is my wound  
'Cause I'm in pain why can't you see  
I'm down  
Being the one just around

I'll stay away 'till it's over  
'Cause you need to realize  
It's time for me to go  
Please stay away 'till it's over  
And I will clear my thoughts again  
Crazy or blind  
I'll stay away 'till it's gone  
You say you're everything I want  
The reason why I wrote this song  
I'll be back when words are gone

If silence can't survive on your side  
Then loneliness is my pride  
When I'm in pain why can't you see I'm down  
Being the one just around

I'll  
stay away, say you're everything I need,  
But sometimes we just disagree, and this is my way to proceed

You have to understand  
It's only for a while  
You have to understand  
This is just my style
