You are stuck in my heart
Like counting a million stars
For that many reasons you are

Can't you tell?
You've been all over me like a spell, I know
(That I never wanna let you go)

Can't you see?
You've been changing the world around me - I know
(That I never wanna let you go)

If you hold me close enough
I can whisper you the words
If the distance is too far
I can't do nothing 'cuz

You are stuck in my heart
And we can go anywhere
Whatever the reason you are
So stuck in my heart
Like counting a million stars
For that many reasons you are

Can't deny
Since I met you that day I've been blind to see
(Now I wanna know for real)

Inside me
I'm afraid to wake up from a dream and see
(It never really happened to me)

If you hold me close enough
I can whisper you the words
If the distance is too far
I can't do nothing 'cuz

You are stuck in my heart
And we can go anywhere
Whatever the reason you are
So stuck in my heart
Like counting a million stars

For that many reasons you are

Like a dream so deep inside of me
You are the reason that I never sleep
You are stuck in my heart
You are

Can't you tell?
You've been all over me like a spell
(I will never let you go, I will never let you go no, no)

Can't you see?
You've been changing the world around me
(I don't wanna let you go, no I'll never let you go no, no)

I can't do nothing 'cuz
You are stuck in my heart
And we can go anywhere
Whatever the reason you are
So stuck in my heart
Like counting a million stars
For that many reasons you are

Are stuck in my heart
And we can go anywhere
Whatever the reason you are
So stuck in my heart
Like counting a million stars
For that many reasons you are
