Don't you know that IÃfÂ, 'm lost
I took it for granted too long
IÃfÂ, 've been trying now itÃfÂ, 's gone
How could we live on a lie

I can see you wanna be strong
Just let it go
Don't you see somehow we were blind

When I look in your eyes
I don't know whatÃfÂ, 's right
But all we have is now

Tell me why it ainÃfÂ, 't easy
When you know that I still believe it
Just look around canÃfÂ, 't you see
We just need to find a way to forgive
So tell me why it ainÃfÂ, 't easy
When you know
You're the only one who lives in my heart

I don't know if IÃfÂ, 'm wrong
IÃfÂ, 've been looking back
Maybe IÃfÂ, 'm not that strong
Enough to love you like that

I believe somehow in your heart you know
I could never be the one who's letting you go

ÃfÂ, "cause when I see you cry
I don't know whatÃfÂ, 's right
But all we have is now

Tell
meÃfÂ, 't you see it doesnÃfÂ, 't matter how we
get there
We're just a second away from where we wanna be
I still believe that you'll find the answer
Just look around and I know you'll find the way
