Cest la vie elbi
Oh whatever said that life was fair
Just the passing of time that we shared
(Just the passing of time we shared)
(Cest la vie)
Cest la vie elbi
Oh whatever said that love was fair
Just the tears and the laughter we shared
(Just the tears and the laughter we shared)
(Cest la vie)
No regrets I swear
You know
Easy come, easy go
That's the only rule I follow
But like the hot desert sun
I burn for the one
Wholl give me tomorrow
Cest la vie elbi
Oh whatever said that life was fair
Just the passing of time that we shared
(Just the passing of time we shared)
(Cest la vie)
No regrets I swear
Baby
We can't say we haven't tried
To take the magic of our ride
We loved and we lost
And now we pay the cost
Love has no price
Cest la vie elbi
Oh whatever said that life was fair just the passing of
time that we shared
(Just the passing of time we shared)
(Cest la vie)
Cest la vie elbi
Oh whatever said that love was fair
Just the tears and the laughter we shared
(Just the tears and the laughter we shared)
(Cest la vie)
No regrets I swear
(Every day)
One night

One starry heavenly passionate night
Under the right grass and moonlight
I know he will come to me
Hell slowly unveil the mysteries of me
And well dance with abandoned delight
So satisfied
Cest la vie elbi
Oh whatever said that life was fair just the passing of
time that we shared
(Just the passing of time we shared)
(Cest la vie)
Cest la vie elbi
Oh whatever said that love was fair
Just the tears and the laughter we shared
(Just the tears and the laughter we shared)
(Cest la vie)
No regrets I swear
Cest la vie elbi
Oh whatever said that life was fair just the passing of
time that we shared
(Just the passing of time we shared)
(Cest la vie)
Cest la vie elbi
Oh whatever said that love was fair
Just the tears and the laughter we shared
(Just the tears and the laughter we shared)
(Cest la vie)
No regrets I swear
