I will not give up  
I will not give in  
You can take it all  
Away from me  
I will start again  
I will not give up  
I will not give in  
You can take everything I got but not what I believe in  
You can break my back  
But I will bear it  
You can break my heart  
But not my spirit  
Make a break from the everyday  
Make a break from the everyday  
Break free from your daily routine  
Break free  
Break free  
Don't call me poor  
Don't call me useless  
You don't know what my dreams are  
You don't know  
You will never know.
