I can't see  
Eyes swelled with stings  
I can't breath  
Lungs filled with the bitter venom

The nest is collapsing  
Collapsing upon itself

This isn't over  
In fact it's just begun  
Hive destruction imminent  
Cover your face and run

Lies are falling  
Lies fall from wings

The walls are seething  
Seething with disease  
The drone is deafening  
From the malcontent swarm  
Lies from wings are falling  
Blood in rivers run

Lies from wings fall  
Hive destruction
