Long you both laid in the sun's yellow stare  
On the edge with eyes rolled back in the waves we  
calling him  
As he teetered on the edge  
The waves were calling him

He had seen it, felt it's might, bent under

Washing away  
He thinks of you  
Everything slows  
Lights flashing through

The water flies  
Over his head  
You are me now

As you lay on my bed

The water flies  
Over his head  
You are me now  
As you lay on my bed

This is what he'd always known  
The promise of greater beyond the water's final  
horizon
