It's true that I'm a silver shadow
And that you are always on my mind
You, you need to get over here
We'll disappear

Your secret's safe
And no one has to know I'm your getaway
And a little bit more than you could take
I can make everything feel so damn good

I could have sworn we danced right here tonight
Come on dance with me
Come on and dance with me baby

And don't you know I'm just here tonight?
You wanna dance with me
You wanna dance with me all night

Nobody there will ever see your eyes
Don't talk, don't walk, just the two of us
Dance with me, dance with me
Come on and dance with me, dance with me baby

Soon we're heading to a place where I'll prove
I'm all you want and more
And you need to let it unfold
Just like you're told

Your secret's safe
And no one has to know I'm your getaway
And a little bit more than you could take
I can make everything feel so good

I could have sworn we danced right here tonight
Come on dance with me
Come on and dance with me baby

And don't you know I'm just here tonight?
You wanna dance with me
You wanna dance with me all night

Nobody there will ever see your eyes

Don't talk, don't walk, just the two of us
Dance with me, dance with me
Come on and dance with me, dance with me baby

Soon we're heading to a place where I'll prove
I'm all you want and more
And you need to let it unfold
Just like you're told

Your secret's safe
And no one has to know I'm your getaway
And a little bit more than you could take
I can make everything feel so good

I could have sworn we danced right here tonight
Come on dance with me
Come on and dance with me baby

And don't you know I'm just here tonight?
You wanna dance with me
You wanna dance with me all night

Nobody there will ever see your eyes
Don't talk, don't walk, just the two of us
Dance with me, dance with me
Come on and dance with me, dance with me baby

Good, good, feel so damn good, good
