I can see it in your eyes you're scared
All these things they force you to do weren't fair
I'm here to chase away these tears
Baby we can chase away these fears

Because sometimes baby you fall on your back
But girl you're three times a lady I'll ever have
You know, you know it's true
This is a fight I refuse to lose

And I'll run
(And I'll run)
Have a little faith in me
You're scared and alone

And I'll run
(And I'll run)
This is where we both break free
I'll bring you home, you home, you home

I can hear it in your voice you care
Let me run my fingers through your hair
I'll keep you company at night
And baby I'm here to make this right

Because sometimes baby you fall on your back
But girl you're three times a lady I'll ever have
You know, you know it's true
This is a fight I refuse to lose

And I'll run
(And I'll run)
Have a little faith in me
You're scared and alone

And I'll run
(And I'll run)
This is where we both break free
I'll bring you home, you home, you home

Believe me and don't think twice
And don't leave me or say goodbye

Believe me, believe me tonight
Believe me and don't think twice
And believe me

And I'll run
Have a little faith in me
You're scared and alone

And I'll run
(And I'll run)
Have a little faith in me
You're scared and alone

And I'll run
(And I'll run)
This is where we both break free
I'll bring you home, you home, you home

Have a little faith in me
Have a little faith in me
Have a little faith in me
If you have a little faith in me
