Come feel my heart, it's beating like a drum, and I confess
When you're around, it's like an army's marching through my chest

And there's nothing I can do, I just gravitate towards you,
You're pulling on me like the moon, I just wanna get you sideways
I say anything I can, to get me more than just a dance,
Tell me where to put my hands,
You know that you can be my favourite one night stand

You get me higher

What would you do if I told you that I la la la la loved you?
Do if I said it tonight?

What would you do if I told you that I la la la la loved you?
'Cause you know I la la la lie

You're like a song, a beautiful symphony to my eyes
So take me on, I wanna sing along all through the night

I'm not like the other boys, 'cause with you I got no choice
You make me wanna lose my voice, I just wanna get you sideways

No I'm not the type to lie, but I might just start tonight
Let me turn off all these lights,

You know that you could be my favourite lullaby

You get me higher

What would you do if I told you that I la la la la loved you?
Do if I said it tonight?

What would you do if I told you that I la la la la loved you?
'Cause you know I la la la lie

Like a symphony, like a symphony, like a symphony tonight
Like a symphony, like a symphony, like a symphony tonight
Like a symphony, like a symphony, like a symphony tonight
Like a symphony, like a symphony, like a symphony tonight

What would you do if I told you that I la la la la loved you?

Do if I said it tonight?

What would you do if I told you that I la la la la loved you?

'Cause you know I la la la la ooh

What would you do if I told you that I la la la la loved you?

Do if I said it tonight?

What would you do if I told you that I la la la la loved you?

'Cause you know I la la la lie
