im not so sure about it  
im not so sure i can surmount it  
without losing my head  
how about just losing my edge  
it seems easy as shit  
than go ahead but i think im done  
uhuh

uncross my arms  
to disarm the car bomb  
its taking too loooooonggggg  
something must be wrong

i had my doubts about it  
when i heard your henchman shouting  
hoooooooooo  
weve come looking for you  
wish that head  
under my bed  
with my hands over my head  
uhuhhh  
uncross my arms  
to disarm the car bomb  
its taking too loooooonng  
something must be wrong

i cut the white like you said  
i cut the blue one like you did  
i did almost everything you said  
so how come im dead?  
uncrossed my arms  
disarm the car bomb  
and what did i get?  
the gun to my head  
uncross my arms  
disarm the car bomb  
and what did i get  
a gun to my head
