I just came here to chill
No

We've been kickin' it for quite some time
Lots of private parties, where we're wined and dined
Tonight I'm in a different mood, just wanna get close to
you, no
(No RSVP necessary) Tonight it's me and you, girl

Didn't bring my diamonds, you don't have to put a
dress on
I just came here to chill
There'll be no other VIPs, the party is only you and me
See, I-I just came here to chill (Yeah, yeah, listen)

You're a special lady the world can see
Nobody makes a room shine like you and me
You always know just what to wear, nails just right,
lovely hair
No need to put your makeup on, I'm not Mr. Biggs,
tonight I'm just Ron

Didn't bring my diamonds, you don't have to put a
dress on
I just came here to chill
There'll be no other VIPs, the party's only you and me
See, I- I just came here to chill (Yeah)

I don't mind a little champagne
But no private chefs or restaurants
Just a little home cookin' on the spot, yeah
No invitations with our names
No shakin' hands with all the you-know-who, my focus
is on you

Didn't bring my diamonds, you don't have to put a
dress on
I just came here to chill

There'll be no other VIPs, the party's only you and me
See, I-I just came here to chill (Yeah)

Didn't bring my diamonds, you don't have to put a
dress on
I just came here to chill
There'll be no other VIPs, the party's only you and me
See, I-I just came here to chill

No Escalades parked in the valet
No red-eye flights, I'm stayin' in LA
No movies stars with fancy cars
No backstage pass to the latest show
???no relatives, no friends we know
???

Didn't bring my diamonds, you don't have to put a
dress on
I just came here to chill
There'll be no other VIP, the parties only you and me
See, I-I just came here to chill
