"No Crying"

I walk right in
I sat right down
listenin' to the saddest song
If I don't feel bad is there something wrong

I sympathize
I synthesized
a teardrop from my tired eyes
but I don't feel sad
and I cannot cry

And I won't cry for you
'cause I'm not able to
She said I don't mind
instead think of why

The chorus wept
The bridge caved in
the verses stung your perfect skin
but I don't feel like
it's touched my soul

So I climbed right in
listenin'
I got so close you'd think I'd been
haunted by the teary eye

But I won't cry for you
'cause I'm not able to
She said I don't mind
instead think of why

I heard your voice sing just one note
The sweetest sound came from your throat
And I think I'll cry just a little while
