Here I am loving you, you're like a dream come true
For so long I've waited for this time
Girl what you mean to me, in reality, is more than I ever
hoped for
You will always be, more than right for me, each day I
love you more

Well what it comes down to, this is all I want from you
Girl, same as you want from me, that can only be
Love and understanding
For what we have at stake, a little give and take
It's better than demanding

Why do we stay together, talkin' 'bout you and me,
You got your reason, I got mine
Oh, if it had to be, one and only me, sure would be a
drag now,
Need somebody who, needs somebody to, keep from
being sad now

Well what it comes down to, this is all I want from you
Same as you want from me; that can only be
Love and understanding
For what we have at stake, a little give and take
It's better than demanding

Repeat:
Ah, what it comes down to, this is all I want from you
Same as you want from me; that can only be
Love and understanding
For what we have at stake, a little give and take
It's better than demanding

(Chorus)
Girl what it comes down to
That's all I want baby,
What it comes down to
That's all I want Woah woah
(What it comes down to)
That's all I want baby
(What it comes down to)

That's all I want baby
(What it comes down to)
That's all I want
Woah woah
(What it comes down to)
That's all I want baby
(What it comes down to)
That's all I want from you
(What it comes down to)
