Oh no, no, no, no, no
No, whoa
I still love you baby
You know, you know

[Chorus:]
You didn't see me
But I saw you
You didn't see me
But I saw you

I can remember those nights and days again
Sometimes I cry for what might have been, babe
You say you love me but how do you know
If I didn't leave you then where did you go

[Chorus]

Whatever's going on inside your mind
Think about us, think about us and give us some more
time
And there's so much more I'm leaving unsaid, babe
'cause there's that little voice inside of your head

[Chorus]

You're all about yourself
You can't see nobody else
You're all about yourself
You can't see nobody else
You're all about yourself
You can't see nobody else
You're all about yourself
You can't see nobody else

[Chorus 2x]

You're so into yourself babe, oh yes
Ah can't see nobody, nobody else
But I saw you baby
'cause it's all about you girl, oh yeah
